WORK EXPERIENCE

RISA Labs Associate Product Manager Intern Bengaluru • AI Workflows for US Healthcare Jul 2026 – Present

- Owned **Status Tracking** 0→1: 90,000-order SQL analysis, user research, PRDs (v0 and v1), HLD and dev-testing; **200 users save 250 hrs/wk**
- Designed a **cron pipeline for 400 docs/day** via bots, portal and fax APIs; order matching at **85% coverage, 96% precision** (coverage-first trade-off)
- Inquiry calls took **12% of a user's day**, so built a **voice agent MVP on Vapi** from 4 months of data, checklists and configs: **92% accuracy** in a 20-user pilot
- QC reviewers juggled **4 platforms**, so prototyped and shipped a **unified UI**: **92 SUS, 2x throughput, 40% faster error fixes** on 2,500 orders/day
- Built **Pulse**, a RAG, BigQuery-based auto-RCA tool **used by 8 PMs**; eval-tested to flag 15 metric drops/day at **87% precision**, 60% RCA coverage
- Replaced Adobe Acrobat with **Document Studio** on platform APIs to fetch and process clinical docs by diagnosis: **saved $10K/yr, step TAT cut 70%**
- Portal filing took **17% of a user's day**, so co-launched **RISA Assist**, a low-latency AI extension on the Chrome Store: parses HTML, autofills, **TAT cut 60%**
- Revamped 4 key UI steps via **user interviews and Amplitude**, resolving edge cases with tech, design and compliance: **time per order cut 10%**

InvestMates Product Manager (Part-time) Seattle, US (Remote) • AI Wealth Management for NRIs Jul 2025 – Sep 2025

- Owned **E2E onboarding** (risk, goal and portfolio import) from PRD to launch in Jira: **completion up 19%, portfolio up 22%, TTFV cut 15%**
- Portfolio import was buried, so A/B tested it as a homepage checkpoint (sample 4,200, $p < 0.05$): **homepage CTR up 25%, sessions up 10%**
- Split **3,000 users into 5 activation drop-off cohorts**; tailored **CleverTap email and push campaigns** cut drop-offs 18%, **D7 retention up 3 pp**

Suzlon Group Summer Intern (Team Lead) Pune • Renewable Energy May 2025 – Jul 2025
